Risks mapping

DISCLAIMER:

The content of the publication herein is the sole responsibility of the publishers and it does not necessarily represent the views expressed by the European Commission or its services. The risks mapping does not pretend to be exhaustive but rather comprehensive with the objectives to stimulate a dialogue with beneficiary countries to identify additional risks and develop strategies to mitigate them. The risks mapping is based on the available information at the time of its creation and is subject to change as new information becomes available. The information contained in the risks mapping is intended to provide a comprehensive overview of potential risks and is not intended to be relied upon as the sole source of information for decision-making. The risks identified in this mapping are not exhaustive and there may be other risks that are not captured.
